

Your Business Brief

Nine questions. A map you keep forever.

Answer these nine questions the way you would tell a mate. What you write is your Business Brief. Keep it, and paste it at the top of any AI chat before you ask it anything, so it never starts cold again.

This sheet is yours. Nothing on it is sent anywhere.

1. What does your business do, and who do you do it for?

2. What is your role, and how many people are on the team?

3. Walk through a normal week. Where does your time actually go?

4. What is the one job you dread or keep putting off?

5. How do you win work, and who are your best kind of customers?

6. What are your rules? The way you do things a new hire would get wrong.

7. What tools or software do you already run the business on?

8. Where have you tried AI before, and where did it not stick?

9. If you got one day a week back, what would you do with it?
